Retail Garden Centre

Why?

- Fresh, healthy produce grown in your own yard
- Raised garden to save you bending & kneeling
- Big enough to sustain a valuable crop
- Small enough to fill a sunny corner
- A great introduction to the joy of vegetable gardening
- Instanto!

What is it?

- Our Magic Square Gardens are recycled fruit produce bins. No treated pine here!
- Roughly 1200mm square & about 700mm tall.

What do you get?

- A charmingly rustic fruit produce bin, many come complete with the odd mummified apple
- Weed mat lining. We staple this in place. Once the bin is full of soil it won't move anywhere
- A seasonal selection of vegetables & herbs from our nursery
